

YOUR College Plan

These four core principles are exactly what colleges and universities are looking for in a students' "profile". While it may be a competitive environment in terms of grades and test scores, having a solid profile foundation provides you with a unique opportunity to shine brighter than the rest. Use these same core principles as elements to construct "your story" or "personal statement" when completing application for college and scholarships.

What examples can you provide evidence of in each category?

Character (Leadership/Volunteer/Extra-Curricula Activity)

- a. _____
- b. _____
- c. _____
- d. _____
- e. _____
